The provision quoted allows the Sanitary Bd to make bye laws. They may do so. The bye laws have only to be approved by Govt.

The word building may well include everything in the proposed def^{n} except a wall - meant by its literal signification. I am doubtful whether it would not be a too much to include "a wall" only.

Sir,

I have the honor to state, that a Bye-law has been passed under Section VI, clause 4. of the Sanitary Rules which is in force in Kolar Gold Field Sanitary Board area, to provide for the regulating of and Licensing of Shops or Stalls &c; and the President of the Sanitary Board is authorized to issue licenses on payment of certain prescribed fees therefor.

2. With a view to enforce this provision of law, notices were issued to all the shopkeepers to obtain Licenses, and the enclosed Petition is submitted by the

39 46

Jodidars of Gollahalli and Sonnajakal-palli villages requesting that the shopkeepers residing out side should not be allowed free licenses

3 The Jodidars state that in order to answer with the established wages, no taxes, have been received before, from him, other than the fixed Jodi, and that he is not liable for the extra charge in as much as the cost of sanitation to be borne by him. -

4 As the Jodidars contention does not appear to be reasonable, especially as the formation of the Sanitary Board was only to secure improved Sanitary arrangements on the Gold Fields, and not for enhancing the revenues, I request that orders may kindly be issued in the matter.
